

Anatomy

1-

In the following image, the arrow *refers* to which structure?

- ✓ Superior bronchus lob
- Azygos vein
- Thoracic aorta
- Vena cava superior

2-

In the following image, the arrow *refers* to which structure?

Ethmoidal sinus

Sphenoidal sinus

frontal sinus

Maxillary sinus

3-

In the following image, the arrow *refers* to which structure?

Lft vagus nerve

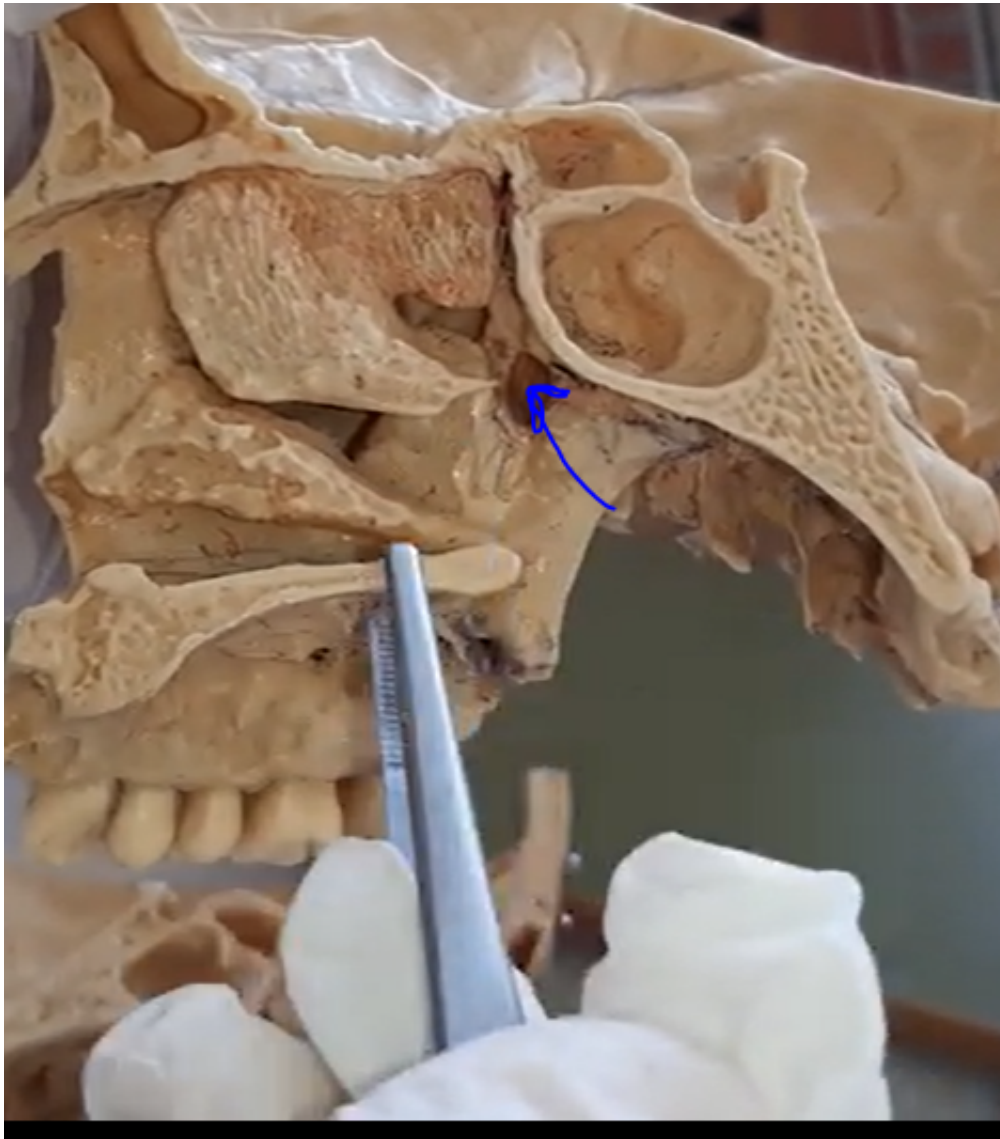

Right common carotid artery

Right vagus nerve

Left common carotid artery

4-

In the following image, the arrow *refers* to which structure?

Medial wall of nasal cavity

Opening of sphenoid sinus

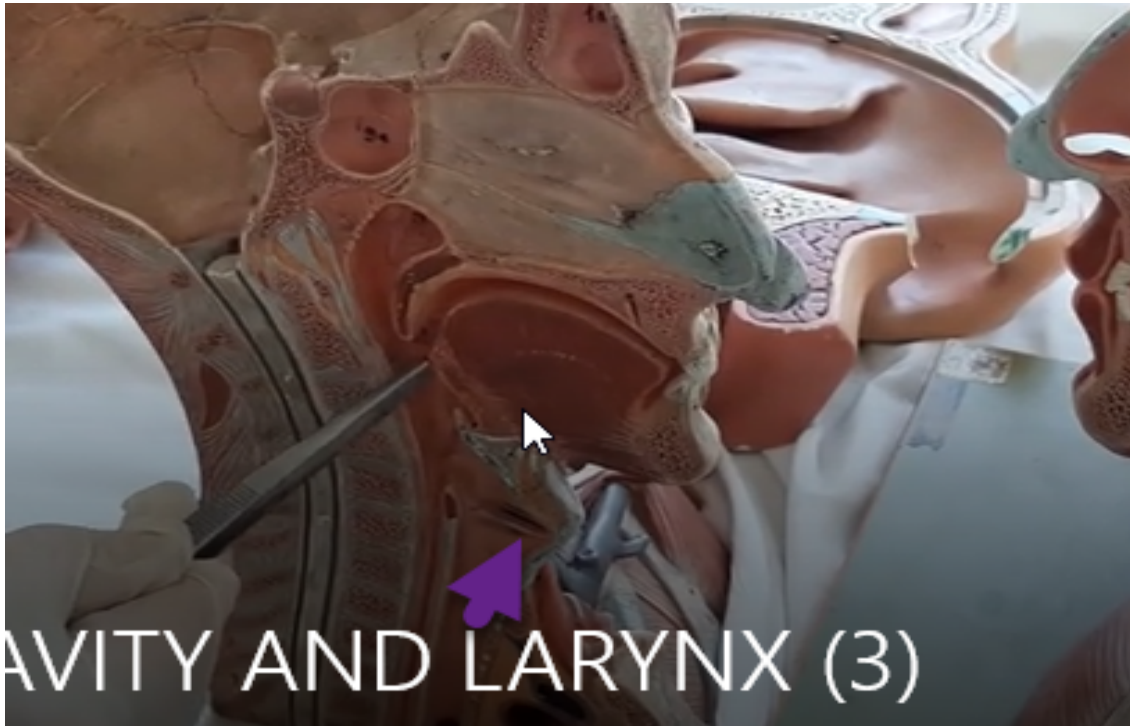

Sphenopalatine foramen

Opening of maxillary sinus

5-

In the following image, the arrow *refers* to which structure?

Inlet of larynx

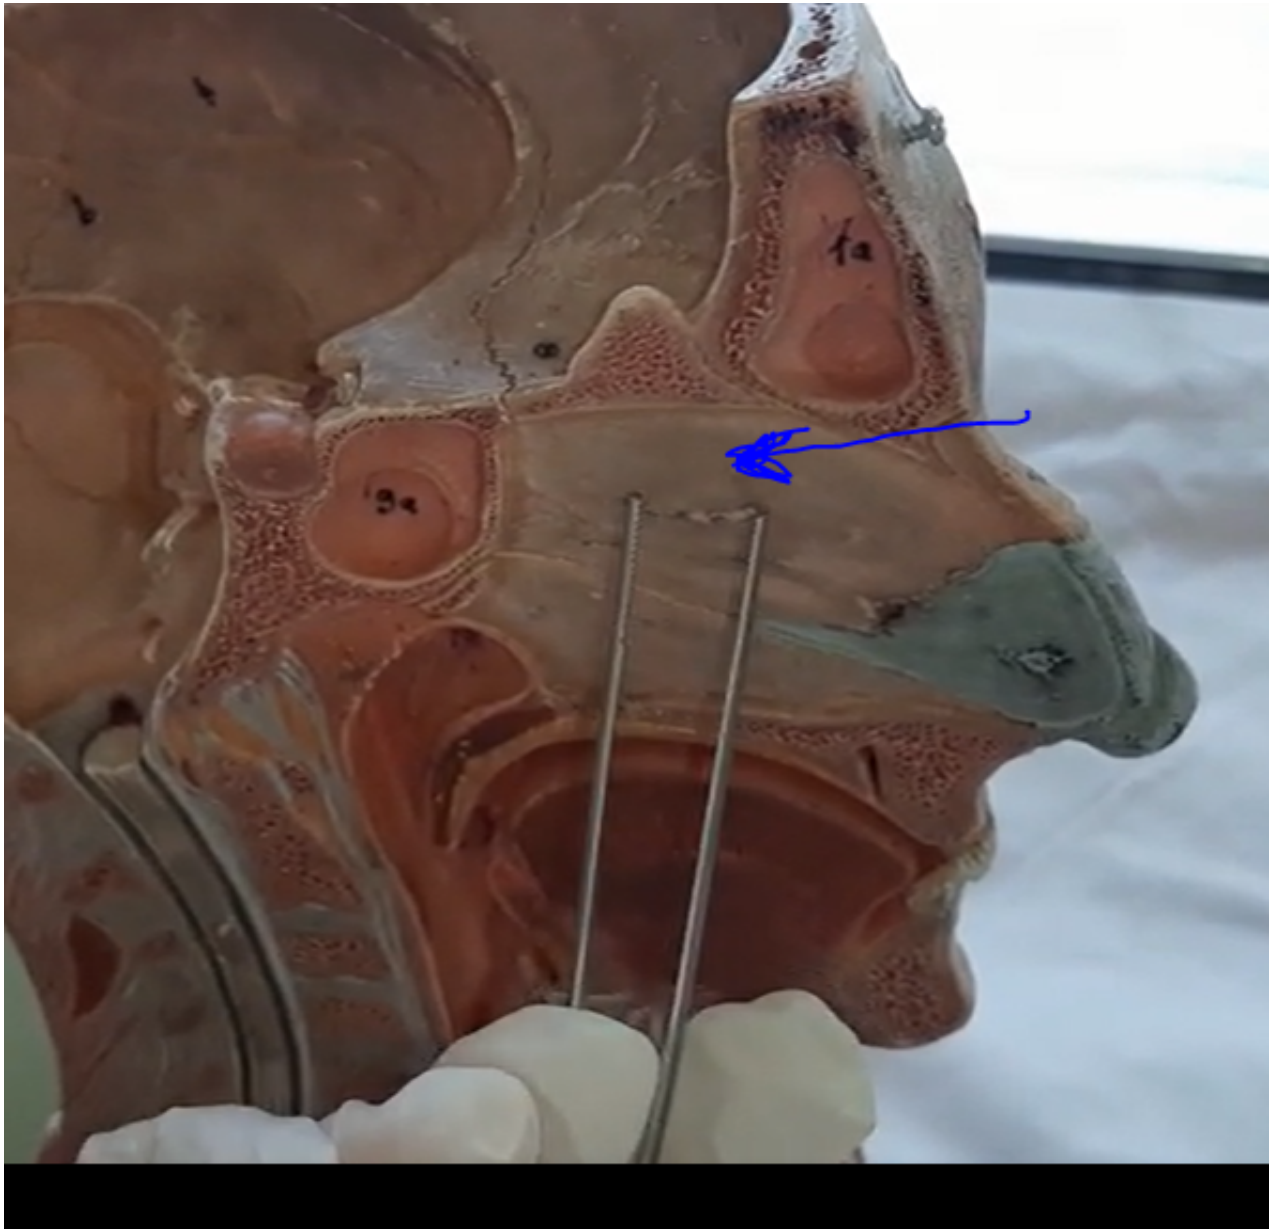

Vocal fold

Vestibul

Vestibular fold

6-

In the following image, the arrow *refers* to which structure?

- Ethmoid bone
- Temporal bone
- Vomer
- Lateral wall of nasal cavity

7-

In the following image, the arrow *refers* to which structure?

Arch of Aorta

Esophagus

Arch of azygos vein

Inferior vena cava

8-

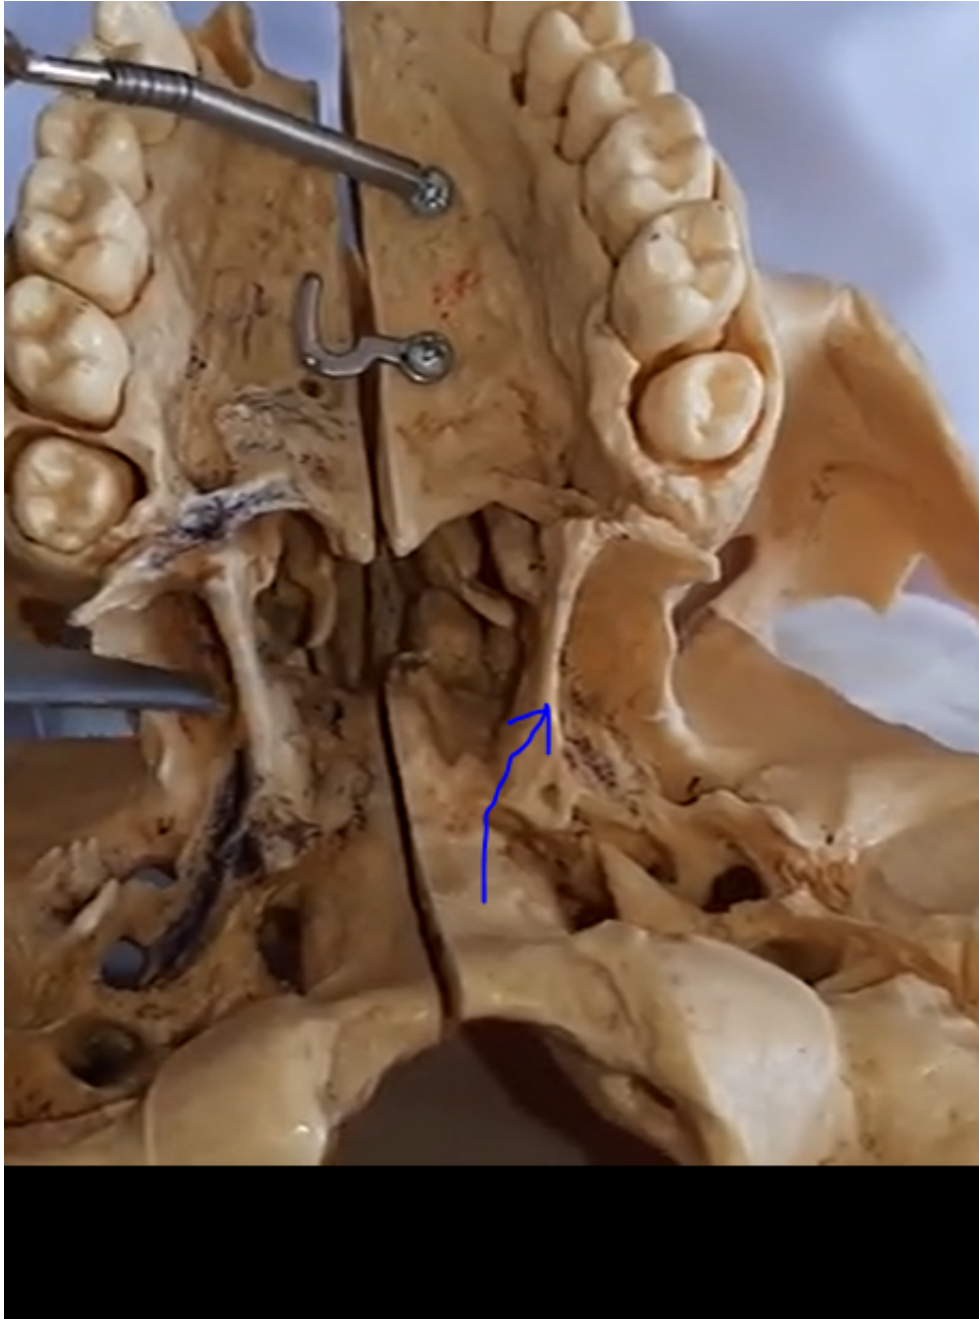

In the following image, the arrow *refers* to which structure?

- ✓
- Right vagus nerve
 - Right recurrent laryngeal nerve
 - Left recurrent laryngeal nerve
 - Left vagus nerve

9-

In the following image, the arrow *refers* to which structure?

Medial plate of pterygoid process

Temporal bone

Inferior concha

Anterior opening of nasal cavity

10- In the following image, the arrow *refers* to which structure?

- Transverse arytenoid
- Posterior crico-arytenoid
- Lateral crico-arytenoid
- Oblique arytenoid

11-

In the following image, the arrow *refers* to which structure?

- ✓ Pulmonary artery
- Superior pulmonary vein
- Inferior pulmonary vein
- Main bronchus

12-

In the following image, the arrow *refers* to which structure?

Vomer

Nasal bone

Inferior concha nasalis

Crista gali

Histology

13- Which part of the lung tissue has a Pneumocyte II?

Bronchiole

Bronchus

Alveolar tissue

Terminal Bronchiole

14- In which of the following is observed the Unicell Gland Or Goblet Cell?

Terminal Bronshiol

Alveolar Duct

Theracea

Vestibuli Zone
